TONIGHT'S DRESS

MONDAY, 17TH NOVEMBER, 2008

SUNRISE: 5:04AM - SUNSET: 6:14PM

SMART CASUAL/ROCK 'N' ROLL

Noumea

Nouméa is the place where most people start their New Caledonia experience. It is the Capital and only city of the archipelago. It is a bustling cosmopolitan place, on a large peninsula, home to around 40% of the population. Originally founded in 1854, the name Noumea is derived from a combination of Melanesian words meaning 'island' and 'a small tropical fish'. The settlement was initially established as a trading post and then a French fortress and much of the city's unique layout today is due to these influences. The soul of France in the South Pacific.

IMPORTANT NOTICE:

Australia's remoteness creates an environment unlike any other on earth. Quarantine helps protect it. Food, souvenirs, plant material and animal products could introduce serious pests and diseases into Australia. In the Australian Quarantine display cabinet, located on deck 5, next to the Tour desk, you will find samples of items that may be of quarantine concern. In many cases items you declare when finally disembarking at the end of your cruise will be returned to you after inspection. However, anything that presents a disease risk or that contains insects or larvae will be confiscated. Therefore be aware when shopping overseas for souvenirs and gifts. If you purchase items of concern make sure to declare them to avoid on-the-spot fines or prosecution.

FROM THE NAVIGATOR

During the morning we will maintain the same north easterly course. We are expected to reach the Noumea pilot station at Dumbea Passage around 13:45 this afternoon. Once we have embarked the local pilot, we will enter the lagoon that surrounds Noumea harbour, a particularly scenic area of islands and coral reefs. At around 14:15 we will commence our final approach to Longe Courriers Berth in Port Noumea and we expect to be safely alongside by 15:00 hours. Noumea is the capital city and home to 40% of the population of New Caledonia. It is a commercial and industrial centre and the only port of entry into the island. New Caledonia, over 200 miles long and about 40 miles wide, is the fourth largest island in the South Pacific and with its dependencies form a French overseas territory. Pacific Sun will remain alongside our berth until 22:00 hours. Once we have slipped our lines and steamed clear of the harbour we will proceed towards Lifou.
